# HANDS-ON FUN!

*Adult/Child participation classes at Play Town*

Join us once a week for a morning of "hands-on" activities and projects that help facilitate bonding between you and the special child or children in your life.

Enjoy quality time together while learning fun songs and finger plays, participating in interactive story time and fun movement activities, and creating memorable keepsakes using your child's precious handprints.

Each week will feature a creative new handprint craft project that will be a unique recording of your child's growth, and a special reminder of the valuable time spent together having "hands-on" fun at Play Town!
